NEBRASKA LEGISLATURE.

Committees Appointed to Investigate Con-

dition of the Drouth Sufferers.

LINCOLN, Jan. 3.—Wednesday's ses-

sions of the house and senate were of

a perfunctory nature. The only items

of importance in the senate were the ap-

pointment of a committee to select stand-

ing committees of the senate and to in-

vestigate the condition of the people in

the drouth stricken district of western

and southwestern Nebraska. The stand-

ing committees are to be made up by

Senators Pope (Saline), McKesson (Lan-

caster), Hahn (Adams), Steffen (Cum-

ing) and Bresler (Wayne).

The joint committee to investigate the

condition of the drouth sufferers was

appointed by Lieutenant Governor

Majors as follows: McKesson of Web-

ster, Akers of Scotts Bluff, Black of Bu-

falo, Steuffer of Cuming and Black of

Butler.

After appointing a committee to no-

tify the house that the senate was fully

organized and to ask the pleasure of the

governor the senate adjourned.

In the house but little business was

transacted, and after appointing the

usual committee to notify the governor

# IV SENATE AND HOUSE.

Nicaragua Canal and Currency De-

bate Occupied Most of the Time.

BATCH OF NOMINATIONS.

One Nebraska and Five Iowa Postmasters

Among the List—Civil Service Commis-

sion Will Investigate the San Fran-

cisco Custom House Charges.

WASHINGTON, Jan. 3.—The senate re-

assembled at noon today after the hol-

iday recess. About 20 senators were

present when Vice President Stevenson

called the body to order and more came

in during the reading of the journal.

The chair laid before the senate a letter

from the secretary of state transmitting

a dispatch from the United States am-

bassador at Paris saying that he had de-

livered to the widow of the late Presi-

dent Carnot expressed copies of resolu-

tions of sympathy of the American con-

gress relative to the death of President

Carnot.

Mr. Quay (Pa.) introduced his pro-

posed amendment to the urgent de-

ficiency bill amending the tariff law

by striking out all provisions for an in-

come tax and substituting a new wool

schedule, including a duty on raw wool.

At 2 o'clock the senate resumed con-

sideration of the Nicaragua canal bill.

Senator Morgan speaking.

The resolution of Mr. Allen relating

to the senate restaurant was then taken

up and Mr. Allen addressed the senate

at some length. He thought the restau-

rant should not be furnished by the gov-

ernment. Senators Hale and Mander-

son both thought that the best interests

of the senate demanded that there be no

change. At 2 o'clock the resolution

went over and the senate proceeded to

the consideration of the Nicaragua

canal bill. Mr. Morgan criticized sena-

tors who opposed the bill by imputing

to those who favored the bill motives

other than patriotic. He defended the

constitutionality of the present bill,

which had been attacked.

In the House.

WASHINGTON, Jan. 3.—The house

presented an animated scene when it

was called to order by Speaker Crisp to-

day after the holiday recess. The gal-

leries were crowded and over half the

members were in their seats. In the di-

plomatic gallery were the Japanese min-

ister and his secretary and many prom-

inent persons looked down on the

forensic arena from the reserved gal-

lery. After the call of committees for re-

ports Mr. Quigg (Rep., N. Y.) attempted

to offer a resolution relating to

salaries in the New York postoffice.

But Chairman Springer, in charge of the

currency bill, cut him off. Accordingly

the house went into committee of the

whole, with Mr. Richardson (Dem.,

Tenn.) in the chair, and Mr. Black (Dem.,

Ga.), a member of the banking and cur-

rency committee, took the floor in favor

of the bill.

The debate started sluggishly. Mr.

# SILVER COUNTRIES PROSPERING.

Mexico's Trade on the Mend, Due to Low

Price of the White Metal.

New York, Jan. 3.—M. M. Guggen-

heimer &amp; Son of New York city have

during the last few days shipped large

quantities of bar silver from Omaha,

Kansas City, Aurora and New York

city to the City of Mexico for coinage

by the Mexican government mints into

Mexican dollars. This is like carrying

coals to Newcastle. They state that it

may be considered a strong illustration

of the effect which the low price of sil-

ver is having on the trade of silver coun-

tries, viz, a very large diminution of

imports, coupled with large increase of

exports of merchandise. Countries on a

silver basis are prospering under the

low price of silver, while gold basis

countries are suffering.

Seven Injured in a Week.

PHILADELPHIA, Jan. 3.—Seven persons

were injured in a railroad wreck, which

occurred early this morning on the Phil-

adelphia and Reading road a short dis-

tance below Germantown. The injured

were: C. W. Fell, brakeman, contusion

of the shoulder; R. O'Grady, ent about

the head with flying glass, and T. Sny-

der, Police Sergeant Redfern, Police

Lieutenant Keyser and Frank Bacon, all

of whom were able to go to their

homes. The collision was between

passenger trains 181 going to Chestnut

Hill and 88 returning to the city. Both

engines were badly smashed and two

cars of the down train were completely

wrecked. Both engines escaped by

jumping.

No Suffering in the Strip.

PERRY, O. T. Jan. 3.—The report sent

out from Boston stating that there is

great suffering in the Cherokee Strip is

entirely false. Much indignation has

been caused by the report. It is declared

there has not been a time since the

opening of the Strip that property has

sold so high or such universal comfort

prevailed. Not a single case of destitu-

tion has been reported here, it is de-

clared, this winter.

Exodus of Georgia Negroes.

ATLANTA, Jan. 3.—Reports from Stev-

ens are to the effect that in that and ad-

joining counties African immigration so-

cieties are being organized. Every col-

ored tenant on one Steverson county farm

has joined an immigration club with

the avowed intention of going whenever

and wherever their leaders say.

General Clarkson's Mission.

SAN FRANCISCO, Jan. 3.—General John

A. Clarkson, who has been in San Fran-

cisco for some time, presumably for his

health, is, according to his host and

business partner, Colonel Isaac Trumbo,

really here to advance the interests of

the proposed railroad from Salt Lake to

San Francisco and Los Angeles.

WHEAT HELD FAIRLY FIRM.

Buying Was a Little Better Than the Sell-

ing—Little Change in Corn.

CHICAGO, Jan. 3.—Wheat opened steady to-

day on the steady cables and light north-

west receipts. A little selling at the start

knocked the price down a trifle, but buying

by Leas, Bahr and Parman and large spec-

ulators caused a reaction later. May opened

unchanged at 57 1/2c, sold to 57 1/2c and

reached 57 3/4c.

Corn was easy on selling by country

commission houses, Rosebush and others. May

started to lower at 47c, gained 1/2c, lost 1/2c
